Sandwich Community Association

FOR 1952

Ski Equipment	$125 68	
Christmas Dec.	7 00	
Life Guard	225 00	
Cleaning Beach	9 00	
Old Home Week Sports playground, beach	11 75	
Community Christmas Tree	5 00	
		$383 43
Town Appropriation		500 00
Balance		$116 57

The Community Association tries to divide the appropriation evenly between winter and summer activities for the young people. Since Stuart Heard kindly offers his services as instructor in skiing, and also scrapes the skating rink without charge, it seemed practical to buy ski equipment this year.

The skiis are in his care and can be borrowed by any young people in Sandwich at any time. This investment should be useful for many years.

If the water safety program, carried out jointly by the Red Cross and the Community Association, is to be a success, we must provide transportation. Because there was no swimming instruction in 1952, there was no transportation, but it is hoped there will be a full water safety program in 1953.

Report of the Forest Fire Warden

Once again we are about to enter another forest fire season and once again your town forest fire warden is asking you to be careful of fires in our woodlands and along our roadsides. There is nothing more displeasing to the eye than an area of blackened waste. Nine out of ten of these blackened areas are caused by You and You. It is only with your cooperation that we can prevent such an area in our town. A great part of the men and women of this area depend on timber for their weekly pay check, and by you and you being careless, these people are being deprived of a living. We can't even try to prevent fires caused by lightning, but the number of fires caused by this agent is very small. It is you as a smoker, as a debris burner,—you as a careless person, who can do a great deal in preventing this most shameful waste of our natural resources.

You can help by making sure your smoking material is out — DEAD OUT, your incinerator is air tight, the area around it is cleaned of all burnable material, that you have had it inspected by your forest fire warden, that you have asked for and received a permit to burn from your forest fire warden. By doing these things the number of fires are going to be fewer and you will have woodlands to hunt in, to have picnics in, to be able to fish the stream. You will also be proud of your green mountainsides. By not doing this you will not enjoy yourself at all. It is not too long ago that most of us can still remember the fall of 1947, and we all know that most of those fires during that period could have been prevented if everyone was careful. So, it is only You and You that can prevent this most shameful waste of our woodland by this common enemy — FIRE.

Please remember it is a proud record for you to say that my town had no woods fires this past year and it is only through you and you that this goal can be reached. So, please help us to prevent forest fires.

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Sandwich qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 7th day of March 1953, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.

6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject enbraced in this Warrant.

8. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the School District of Sandwich will, by vote, permit the Methodist Church to bring water into the Methodist Parsonage by connecting on to the outside pipe of the school that comes to the Squam Lake Road.

10. To transact any other business that may legally come before the meeting.

Given under our hands at said Sandwich this 5th day of February 1953.

REPORT OF THE TRUSTEES

Under the Will of Alfred Quimby

Feeling that the townspeople would appreciate a more detailed statement of the operation of this Fund than has occasionally been given at various times in the past, the Trustees have decided to publish a brief summary of the annual audit and probate accounts.

Alfred Quimby died at Manchester, N. H., February 15, 1918, having been in business there for over sixty years. He was born at Sandwich in 1832. Under his will the residue of the estate, which amounted to about $244,000, was left to be administered by three Trustees: "the **income only** to be used for such purposes as in their discretion will contribute to the permanent upbuilding and well-being of the Town of Sandwich and its inhabitants and institutions."

As of June 30, 1952, the Fund stood as follows:

Securities and Cash	Book Value	$365,258.88
	Market Value	$422,708.77

Security Income 1951-1952 or .528% of Book Value	$19,792.05	
Real Estate Income 1951-1952	1,020.00	
Total Income 1951-1952		$20,812.05

Education was of first importance in Mr. Quimby's mind when drawing his will, and the original Trustees founded the Quimby School in 1923 to make it possible for our young people to obtain the equivalent of a high school education and prepare for college without having to leave town, with its attendant inconveniences and expense. Over the years this investment has meant much to our youth, with prestige and a substantial money saving to the Town.

At the present time about 75% of our entire Trust income is allocated to the school.

The following amounts of income have been expended for the benefit of the Town since the Trust was established in 1919:

Roads and Bridges	$91,958 20
Street Lighting	20,285 57
Fire Protection	5,582 76
Home Industries	9,281 86
Samuel Wentworth Library	3,130 49
Water Supply Survey	599 36
Education other than Quimby School (including $15,000 contributed to the new central school)	23,733 63
Quimby School, including purchase of Property	311,900 86
Quimby Field, including purchase of Property	45,558 43
Other Real Estate — Post Office, Headmaster's and Teachers' Houses, Village Green, etc.	66,021 99
Miscellaneous: Bonds, Insurance, Taxes, Custodian Fees, etc.	12,311 10
	$590,364 25

It was Mr. Quimby's expressed hope that the Trustees would serve without compensation other than necessary expenses, and his wishes have been respected.

Report of School Nurse

Vision and hearing tests were made in January and February. The vision of 86 students being examined with 19 defects. The hearing was tested with the Maico Pure Tone machine — 89 tested with 2 defects.

48 school children took advantage of the clinic held at the school in February for whooping cough booster shots.

Previous to the chest x-ray clinic held in Center Ossipee, T. B. Patch Tests were applied to 95 students.

We were most fortunate in having a dental hygienist from Dr. Shirley Dwyer's department of Concord clean the children's teeth and give fluorine treatments.

Heights and weights were recorded in May and October.

The annual physical examination was given to 95 students in October.

Defects found: Tonsils 6 Teeth 12

A part of the vision testing for the current school year was done in December — number tested, 27; defects, 3.

QUIMBY SCHOOL

The Massachusetts Vision machine was used to test the vision of 30 students. Number of defects found, 3.

31 students had their hearing checked with the Maico Pure Tone machine.

T. B. Patch Tests were applied to 31 students in March. Anyone was welcome to take advantage of the chest x-ray clinic in April at Center Ossipee.

Heights and weights were recorded in May. The weights were again taken in November.

34 students had a physical examination by Dr. Quinby in October. Defects found:
Tonsils 2 Teeth 13 Heart 1 Ears (wax) 4

Many physical and vision defects for the children of Sandwich have been corrected. We appreciate the cooperation we have had.

Respectfully submitted,
AMY L. BROWN, R. N.

ROLL OF PERFECT ATTENDANCE

Report of Superintendent and Principal

The stimulus of the clean and pleasant surroundings of our new central school continues to help in developing wholesome attitudes on the part of our young people.

Our hot lunch program, under the competent direction of Mrs. William Forristall, is serving more pupils than ever — an average of 80 each day so far this year. The effect of a nourishing warm meal in place of cold sandwiches at noon is more beneficial than most people realize. It not only contributes to better health, but makes for better concentration and higher marks in school subjects.

A new series of graded readers and workbooks for the first four grades is proving a great help in systematic development of reading and language ability. Social studies texts adopted for grades 3 and 4 use the same vocabulary as is given in the reading texts. A new series of spelling books is also in use throughout the school.

Our physical education period is one of the most enjoyable parts of the school day from the standpoint of the pupils. This contributes to better health as well as improved muscular coordination. Mats for tumbling are in use on the playroom floor nearly every day during the winter, and outdoor games and contests have their place when weather is suitable. The music program is correlated with physical education through folk dances and other rhythmic activities.

A filmstrip library has been started with the buying of 40 filmstrips by the P. T. A. We find these very useful, as it takes but a moment to set up the projector, and with the use of these filmstrips the child has the added advantage of seeing the subject about which he is studying. It is hoped that new filmstrips may be added to our library each year.

School Marks

The topic, "Methods of Reporting Pupil Progress," has received much attention in teachers' meetings and parent-teacher groups throughout this supervisory union during the past year. An individual conference between a teacher and a parent (sometimes the pupil also being present) seems to be the most satisfactory method of reporting, especially for the lower grades.

In November, a three-day workshop of teachers and parents on this subject was held at Ashland. As usual, many questions were raised and few answered at these meetings; but several points seemed to be generally accepted. A few of these are stated below:

(1) School marks (either "A-B-C-D" or percentage) are undesirable because they emphasize unfair competition and create fear of failure.

(2) A pupil's growth in learning involves so many factors that it is impossible to reduce it to any single mark, either letter or number.

(3) A mark of C may be given by one teacher for a certain piece of work, whereas another teacher might give a mark of A for the same. No clear definition of marks has ever been made that can overcome this difference of opinion.

(4) Parents seem to favor having more detailed reports, covering a pupil's growth in character, good work habits, etc., even though the reports do not come so often.

(5) Parents are becoming accustomed to the idea of discussing with the teacher the progress of their children. No longer do they dread the teacher's coming, or meet her at the door with the question, "What is wrong now?" A friendly visit to the school by each parent is coming to be accepted as regular routine.

Community Support

The school board, teachers, and pupils are truly appreciative of the fine cooperation which the people

of Sandwich have given us during the past year. The local organization of the P. T. A. has been especially helpful with an active program. This has not only been of benefit financially (through the purchase of new equipment and furniture) but also by studying with the teachers to improve their efforts to teach each individual in terms of his own needs and at his normal rate of learning.
